OBJECTIVES

At the conclusion of this program, participants should be able to:

- Analyze a psychiatrist's role in the recovery process.
- Compare a psychiatrist's current role in patient care versus the traditional role that a psychiatrist played in a patient's care.
- Coordinate patient's recovery plan with other mental health professionals involved in his/her care.
- Construct a recovery plan on a patient with substance abuse issues.
- Formulate an overall healthcare quality recovery-oriented system of care for a patient with addiction.
- Engage other health care professionals in fostering the recovery of a patient with substance abuse issues.
- Recommend methods that a local or regional system can use to strengthen its focus on Consumers' Recovery
- Specify clinical interventions that support Consumers' Recovery
- Propose support by funding sources for these new programs
- Critique evaluations of the impact of these activities
- Produce techniques that will assist patients in their recovery and enhance their resiliency.
- Formulate ways to help the homeless to recovery.
- Summarize what a Mental Health Court is.
- Assess procedures involve in the Mental Health Court to advance recovery of mentally ill patient charged with criminal behavior

ACCREDITATION

This activity has been planned and implemented in accordance with essential areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the Pennsylvania Medical Society and the Pennsylvania Psychiatric Society. The Pennsylvania Medical Society is accredited by the ACCME to provide continuing medical education for physicians.

The Pennsylvania Medical Society designates this educational activity for a maximum of 6.5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the educational activity.

Faculty and all others who have the ability to control the content of continuing medical education activities sponsored by Pennsylvania Medical Society are expected to disclose to the audience whether they do or do not have any real or apparent conflict(s) of interest or other relationships related to the content of their presentation(s).

As determined by the program committee, 6.5 credit hours of this program may qualify for patient safety/risk management licensure requirements.

WHO SHOULD ATTEND

Psychiatrists, psychiatric residents, nurses, social workers, family physicians, residents, and physician assistants.
