Program Overview

The 10th annual *Colloquium of Scholars: Annual Update in Psychiatry 2012* is the main annual educational meeting for the community of psychiatrists in the Greater Philadelphia area. The outstanding faculty at the meeting will cover diverse and important content areas. Dr. John Oldham, President, and Dr. Deborah Hales, Director of Education of the American Psychiatric Association, will participate as well. The meeting will be highly interactive with attendees having plenty of time to ask questions about their own patients and concerns. Added bonuses will be the opportunity to network with colleagues in the area, review posters presented by medical students and psychiatry residents, and a fun quiz contest about psychiatry in which psychiatry residents from all the training programs in the area will compete.

Program Faculty

Salman Akhtar, MD, Professor of Psychiatry and Human Behavior, Jefferson Medical College

Laszlo Gyulai, MD, Associate Professor of Psychiatry, Director, Bipolar Disorders Unit, University of Pennsylvania

John M. Oldham, MD, President, American Psychiatric Association, Professor and Executive Vice Chair, Menninger Department of Psychiatry and Behavioral Sciences, Baylor College of Medicine

Andres J. Pumariega, MD, Professor and Chair, Cooper School of Medicine at Rowan University

Marc H. Zisselman, MD, Associate Chair of Psychiatry and Director of Geriatric Psychiatry,
Albert Einstein Medical Center

Who Should Attend

Psychiatrists, primary care physicians, nurse practitioners, psychoanalysts, psychotherapists, psychiatry residents, and medical students with an interest in psychiatry.

Educational Objectives

1. Specify three areas in which treatment of bipolar disorder is inadequate
2. Recommend evidence-based strategies for the treatment of bipolar depression
3. Distinguish between normal and pathological grief
4. Construct a plan to evaluate and treat a patient with pathological grief
5. Specify the extent to which patients with psychiatric problems are seen in primary care or family practice
6. Summarize new screening tools to identify psychopathology in primary care settings
7. Compare different models of provision of integrated general medical and behavioral health care
8. Summarize special considerations in using psychiatric medications in older patients
9. Specify three principles for using psychiatric medications in older patients
10. Summarize special considerations in using psychiatric medications in children and adolescents with autistic spectrum disorders
11. Specify three principles for using psychiatric medications in children and adolescents with autistic spectrum disorders

Accreditation

This activity has been planned and implemented in accordance with essential areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the Pennsylvania Medical Society and the Philadelphia Psychiatric Society. The Pennsylvania Medical Society is accredited by the ACCME to provide continuing medical education for physicians.

The Pennsylvania Medical Society designates this live activity for a maximum of 5.5 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Faculty and all others who have the ability to control the content of continuing medical education activities sponsored by Pennsylvania Medical Society are expected to disclose to the audience whether they do or do not have any real or apparent conflict(s) of interest or other relationships related to the content of their presentation(s).

As determined by the program committee, 1.5 *AMA PRA Category 1 Credits* of this program may qualify for patient safety/risk management licensure requirements.

Certificate of attendance will be mailed to participants 6-8 weeks following the program.

Parking: Please purchase a parking token in the lobby by the guard desk. The cost per token is \$5.00.
