

# FRIENDS HOSPITAL

## A PREMIER CHOICE FOR INPATIENT PSYCHIATRIC CARE IN THE REGION

### Here's Why:

#### **Individualized Approach To Recovery**

Each patient's personal goals are integrated into the treatment plan, which emphasizes support systems, strengths and community connections.

#### **All Private Bedrooms**

Treats adults, young adults (18-26), older adults, adolescents and dually diagnosed in our 192 beds; ALL with private bedrooms. (Two bedrooms share 1 bath).

#### **Strong Clinical Work**

Friends Hospital's clinical program, "FIRST at Friends", includes individual therapy, group therapy, expressive arts and pet therapy. There is a full multi-disciplinary team that includes a Psychology Department: all clinical work is grounded in Trauma-Informed Care.

## Specialty Units/Services

### **Adolescents**

With separate male and female sleeping units

### **Young Adults**

Ages 18-26 with age-appropriate services

### **Older Adults**
